

Pregled klasa sa računskih vežbi sa najvažnijim property-jima, metodama i event-ima

U tabeli je dat samo mali deo najčešće korišćenih elemenata ovih klasa. Svi property-ji i event-i su vidljivi u Properties prozoru u alatu Visual Studio.

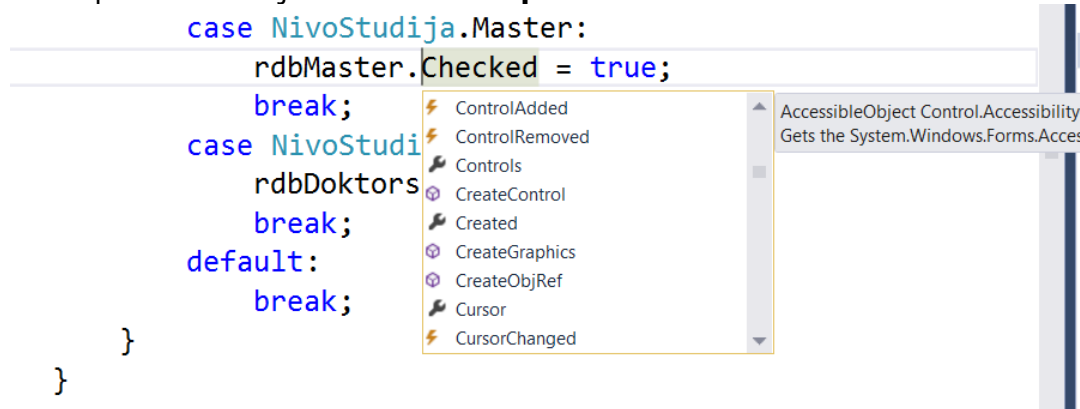

Prozor Properties, tab Properties

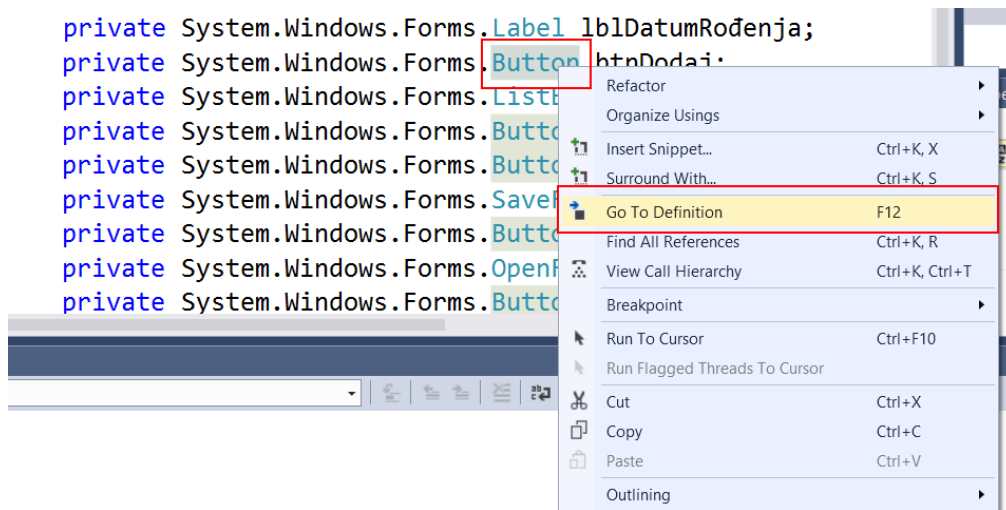

Prozor Properties, tab Events

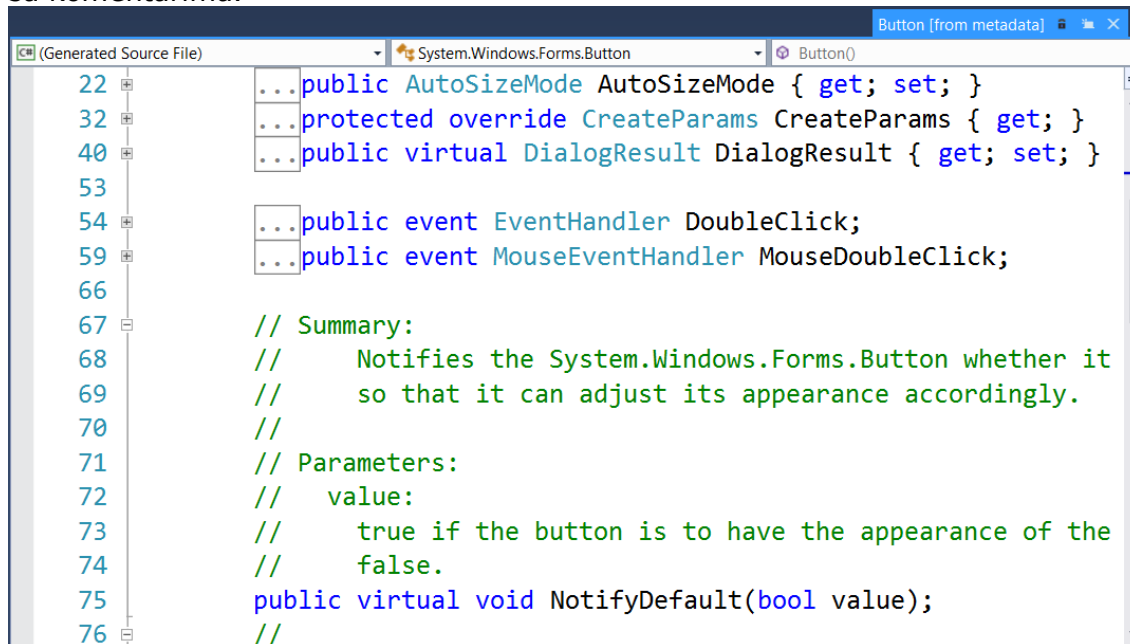

Svi javni elementi klasa su vidljivi u samom editoru kada se posle naziva promenljive otkuca tačka pa kombinacija tastera **Ctrl+Space**

Treći način je desni klik na naziv klase pa izbor opcije „Go To Definition” iz kontekstnog menija (ili prečica F12).

Na ovaj način se prikazuje javni deo implementacije te klase (bez tela metoda i property-ja) i sa komentarima.

| Klasa | Properties | Methods | Events |
|--|---|---|--|
| Control – osnovna klasa za sve kontrole | bool Visible { get; set; } bool Enabled { get; set; } int Width { get; set; } int Height { get; set; } Size Size { get; set; } Point Location { get; set; } Size MaximumSize { get; set; } Size MinimumSize { get; set; } AnchorStyles Anchor { get; set; } DockStyle Dock { get; set; } | | event EventHandler Click event MouseEventHandler MouseDown event MouseEventHandler MouseUp event MouseEventHandler MouseMove event MouseEventHandler MouseWheel event KeyEventHandler KeyDown event KeyPressEventHandler KeyPress event KeyEventHandler KeyUp |
| Form | | DialogResult ShowDialog() | |
| MessageBox | | static DialogResult Show(string text) | |
| Label | string Text { get; set; } | | |
| TextBox | string Text { get; set; } | | |
| Button | string Text { get; set; } | | event EventHandler Click |
| RadioButton | string Text { get; set; } bool Checked { get; set; } | | event EventHandler CheckedChanged |
| CheckBox | string Text { get; set; } bool Checked { get; set; } | | event EventHandler CheckedChanged |
| NumericUpDown | decimal Value { get; set; } decimal Minimum { get; set; } decimal Maximum { get; set; } decimal Increment { get; set; } int DecimalPlaces { get; set; } bool ThousandsSeparator { get; set; } | | event EventHandler ValueChanged |
| DateTimePicker | DateTime Value { get; set; } DateTimePickerFormat Format { get; set; } DateTime MaxDate { get; set; } DateTime MinDate { get; set; } | | event EventHandler ValueChanged |

| | | | |
|----------------------------|--|------------------------------|---|
| ListBox | ListBox.ObjectCollection Items { get; } int SelectedIndex { get; set; } object SelectedItem { get; set; } | | event EventHandler DoubleClick event EventHandler SelectedIndexChanged |
| ComboBox | ComboBox.ObjectCollection Items { get; } int SelectedIndex { get; set; } object SelectedItem { get; set; } | | event EventHandler SelectedIndexChanged |
| GroupBox | string Text { get; set; } | | |
| Panel | | | |
| MenuStrip | string Text { get; set; } ToolStripItemCollection Items { get; } | | |
| ToolStripMenuItem | string Text { get; set; } | | event EventHandler Click |
| OpenFileDialog | string Filter { get; set; } string FileName { get; set; } | DialogResult ShowDialog() | |
| SaveFileDialog | string Filter { get; set; } string FileName { get; set; } string DefaultExt { get; set; } | DialogResult ShowDialog() | |
| FolderBrowserDialog | string SelectedPath { get; set; } | DialogResult ShowDialog() | |
